Overview

Programmer, Artist, Composer. I program in any language you need, c++, c, java, javascript, lua, prolog, haskell, php, html, css, etc. Also if I don't know it I will learn it! I've worked on cyber security training programs for Edurange.org and my current job is Senior Systems Operator at Evergreen State College.

I also have skills in:

- Strong interpersonal communication skills
- Training
- Quality Assurance
- Hiring
- Management
- Sales

Personal Goal

To help with the advancement of AI in turn to help those with neurodivergencies [1]. My personal goal is to replicate human emotions using deep/machine learning. Not to just help with AI, but to learn through our mistakes, what it is to be human. We could then use this information to help those with neurodivergencies.

Skills

Programming Languages / Markup c, c++, lua, java, haskell, prolog, javascript, html, css, LaTeX, Mathematica, bash, powershell, php, angular, ionic, Love2D

Software

Eclipse, git, github, Photoshop, Excel, Word, openscad, arduino ide, terminal, vim/emacs/nano (let's not fight), Sketchup, Dreamweaver, PaintTool SAI, Illustrator, Wireshark, Linux/OSX/Windows, Gimp, etc.

Hardware

Wacom tablet, VR, 3D Printing, General Tools for building awesome things like robots :3!

Other

Drawing, Sculpting, Composing, Sewing, Robotics, I am a pianist as well.
